

Mando Kids Learning Centre COVID-19 Safety Regulations

Mando Kids has created the safety plan to outline the policies, procedures and guidelines to prevent the spread and transmission of the COVID - 19 virus. These are based on the Fraser health and the provincial health guidelines about the COVID – 19 spread. We will make new adjustments to these as per new guidelines issued late by the above authorities.

Drop off

- All drops offs will be at the door and no Parents/Guardians will not be permitted to enter during class time.
- Sign in/out sheets will be kept in the centre and will be filled out by a teacher.
- Children and Staff will be asked to wash their hands upon arrival.
- Appropriate signage has been placed at the door and window educating parents on COVID-19.
- We are following a Pandemic/Outbreak cleaning procedure with more frequent cleaning and sanitizing in all areas of the centre. High traffic areas such as doorknobs, handles, and doorbells will be cleaned as frequently as possible.

In-side

- Children will be asked to wash their hands upon entry, after toileting and before leaving for home.
- Anyone displaying any symptoms relating to illness (fever, cough, sneezing, etc.) will be sent home immediately and asked to stay home for the duration of illness.
- Anyone who has or is in contact with someone tested positive for the virus and who has travelled outside of the province or country in the last 14 days must stay home in self-quarantine for a minimum of 14 days.
- Toys will be sanitized before being put back onto the floor for use.
- Staff are encouraged to take opportunities to educate children when possible about proper hand washing techniques, ways to cover coughs/ sneezes, and any other appropriate health and safety.
- All daily use items will be sanitized daily.
- Please ensure that you have read and understood the policies to prevent the spread of COVID- 19 virus and to keep our self and our families safe.

THANK YOU
